Re: Request for Reconsideration of Materials

Dear ,

Please accept this letter as the formal notification of the result of your request for reconsideration regarding The Drug Awareness Library. Per board policy, KLB-AP, a committee met on November 3, 2008 for the purpose of reviewing a request for reconsideration of materials.

The committee convened and deliberated the educational merit and age appropriateness of the series.

The committee considered the following options:

- Retained without restriction.
- Retained with restriction.
- Not retained.

Committee members reviewed the district "Instructional Materials" policy. Members concentrated on "judging the material as a whole", taking into account the purpose, authenticity/accuracy, appropriateness, and content. No professional reviews were available.

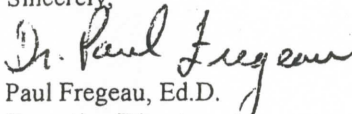

The Reconsideration Committee reached consensus to "do not retain" based upon the above information.

Please understand the committee has reviewed your request thoroughly and I hope you can appreciate the position it took in regards to this request. If you would like to appeal this decision you would need to submit a letter within five business days to:

The Superintendent of Schools  
North Kansas City Schools

Thank you for following the proper process and making us aware of your concerns. If you have any questions, please call me at (816) 413-5041.

Sincerely,

  
Paul Fregeau, Ed.D.
